
Telescopic Handle

Short Description

These extendable Aluminium Handles are designed for either small or large pools, allowing easy access to every part of your pool with a vacuum or leaf head.

Description

These extendable Aluminium Handles are designed for either small or large pools, allowing easy access to every part of your pool with a vacuum or leaf head. The pole uses a standard internal Surelock Cam system to lock the pole at desired lengths

Available lengths: 4-8 ft and 8-16 ft
